

WHO WE ARE

The Northumberland Land Trust (NLT) is a non-profit, charitable land conservation organization that permanently **protects 1200+ acres** of ecologically diverse lands across Northumberland County.

14 Nature reserves

1200+ Acres of protected land

WHAT WE DO

Establish new nature reserves to protect ecologically significant lands across the county

Manage the nature reserves to enhance the ecological health of the land

Maintain the nature reserves for future generations to enjoy

STAY CONNECTED

Don't miss out on upcoming events, stewardship work parties and more!

LAND TRUST**

*Preserving nature in Northumberland,
forever*

HELP SAVE NATURE IN NORTHUMBERLAND

We need your help to protect more natural spaces!

Volunteer

No matter your skills or expertise, we can use your help:

- Steward a nature reserve
- Invasive species removal
- Tree planting
- Stewardship and restoration projects
- Community outreach activities
- Photography
- Join the board of directors
- General office administration

Donate

Your donation supports:

- The protection of more natural landscapes
- Stewardship and restoration projects on our nature reserves
- The creation of green corridors for wildlife movement
- Improved trail systems for public use
- Climate change mitigation

Protect Your Land

You can protect your land, forever:

- Donate your land to NLT so it will be protected, forever.
- Establish a conservation easement on your land to preserve it, forever (and retain ownership).

Both options result in significant financial incentives for the donor while ensuring your land is protected for all time.

BIODIVERSITY ON OUR NATURE RESERVES

Nature reserves protect vital ecological features and habitats that support a rich biodiversity of plants and animals.

TALLGRASS PRAIRIES

PROVINCIALY SIGNIFICANT WETLANDS

COLDWATER STREAMS

SIGNIFICANT WOODLANDS

HABITATS OF SPECIES AT RISK

WILDLIFE CORRIDORS AND NESTING AREAS

OUR SUPPORTERS ARE THE ROOTS OF OUR ORGANIZATION. WITHOUT YOU, NONE OF THIS WOULD BE POSSIBLE.

Email us at info@nltrust.ca or visit our website at nltrust.ca for more details on how you can help save more nature in Northumberland.
