Resident Home Areas

SOUTHBRIDGE PORT HOPE

//Dining Room

- Community approach to care and service
- Dedicated staffing to support resident centered care philosophy and quality of life
- Each home area will have a physiotherapy room, dining room, computer lab and activity lounge:
 - Spaces for residents to build friendships and spend time with their neighbours
 - Welcoming spaces for families and friends to visit

//Safer Environment

- The new design strengthens our infection prevention and control efforts
- Allows us to keep individual home areas separate, minimizing transmission pathways and disruptions to the routines of residents on other floors
- Enhances contact tracing

//Help us Move Forward

We respectfully request the approval of Southbridge's zoning amendment application to help us move forward with the building of the new Southbridge Port Hope for the benefit of the residents of Hope Street Terrace, Regency Long Term Care Home and Retirement Community, and the citizens of Port Hope and area.
