Schedule 'A'
Legal Description

The legal description for the property is as follows:

PT LT 4 PL 11 PORT HOPE

Schedule 'B'
Reasons for Designation

Description of Property

27 College Street in the Municipality of Port Hope is located on a corner lot on the south side of the College Street and West of Elgin Street. The lot is approximately 0.048 hectares in size and rectangular with a frontage of approximately 14 meters on College street. The main building on the property, notably the William Barkwell House, is a one-and-a-half story frame building.

Statement of Cultural Heritage Value or Interest

The subject property has cultural heritage value or interest for its physical/design, historical/associative and contextual values.

The subject property has physical value and design value because of the main residence. This residence, known as the William Barkwell House, dated to 1877, is a representative example of a vernacular front gable house from the latter half of the 19th century in Port Hope with Classical Revival influences.

The subject property has historical/associative value for its association with William Barkwell Jr. who had the house built circa 1877. The house has associative value due to its connection to the community and the prominent local Barkwell family, early settlers, landowners, farmers, and members of the Methodist Church who through successive generations contributed to the local communities of Elizabethville, Bethel Grove and Port Hope. The second owners of the house resided at 27 College Street for over fifty years. Thomas Julian Grigg (1853-1926) was a local carpenter.

The subject property has contextual value because it supports the character of the area. The character of the area is defined by a number of residential and institutional buildings including Trinity College School that developed by the late 1870s. The setback and positioning of the main residence with respect to College Street contribute to its character.

Heritage Attributes

The cultural heritage value or interest of the subject property is represented in the following heritage attributes:

- The setback, placement, and orientation of the main building on a narrow lot on College Street (*which illustrates its physical/design and contextual values*);
- The main building, including:
 - The form, scale and massing of the building (*which illustrates its physical/design and contextual values*);
 - The rectangular footprint of the house (*which illustrates its physical/design and contextual values*);
 - One-and-a-half-storey frame building (*which illustrates its physical/design and contextual values*);
 - The one storey rear extension (which illustrates its physical/design and contextual values);
 - Front gable with moderate overhanging eaves and a medium pitched roof (*which illustrates its physical/design and contextual values*);
 - Symmetrical front façade featuring a three-bay design with an off-centre main entrance with porch (*which illustrates its physical/design and contextual values*);
 - The single inset chimney on the south elevation (*which illustrates its physical/design and contextual values*);
